Course Coordinator

Prof. Sunethra J Perera
Department of Demography,
University of Colombo.

This diploma programme is developed recognizing the importance of international migration in economic development in both origin and destination countries, and also the need for developing and upskilling human resources related to international migration. The candidates of this programme are encouraged to learn and reflect on theoretical and practical aspects of international migration with an interdisciplinary perspective while applying their skills in identifying migration-related issues and implementing relevant measures to address such challenges.
