THE UNIVERSITY OF COLOMBO

he history of Higher Education in Sri Lanka is closely linked to the history of the University of Colombo. The Ceylon Medical College (from which the present Faculty of Medicine has evolved) was established in 1870. It celebrated 150 years in 2020. University College was established for higher learning in the Arts and Sciences in 1921. The Faculty of Arts celebrates 100 years of teaching Social Sciences and Humanities this year (2021). University College, then affiliated to the University of London, was housed in College House, which is the central administrative building of the University today. The University of Colombo became an autonomous University in 1978. This is a legacy of Higher Education which inspires pride in undergraduates entering the University of Colombo.

Over the past several decades, the University of Colombo has expanded substantially in terms of academic excellence, study programmes, student enrolment, and facilities.

Owing to its location in the metropolitan centre, the University of Colombo has the advantage of being at the hub of cultural, economic and socio-political activity in the country. It offers students opportunities to access libraries, museums, research centres, professional associations, theatres, art galleries and cinemas. Students can make use of these facilities for their academic work as well as for personal enrichment.

THE FACULTY OF ARTS

he Faculty of Arts is located between Reid Avenue and Prof. Stanley Wijesundara Mawatha. It is currently the largest Faculty in the University of Colombo in terms of student population. The Faculty has eleven Departments and four Teaching Units offering courses in Humanities and Social Sciences. Apart from undergraduate BA courses, all departments offer courses towards Certificates, Diplomas, Masters and MPhil and PhD degrees.

The Faculty of Arts has responded in various ways to the challenges and problems of higher learning and employment. The introduction of the Course Unit System in 1998 was a major step towards offering students greater flexibility in terms of the possibility of selecting from a variety of courses, as well as the duration of study and new methods of teaching, learning and evaluation. From 2015 onwards, the three-year BA General Degree programme has been redesigned as Study Streams to elevate the status of academic study programmes and enhance the employability of graduates. Currently the undergraduate degree programmes are conducted in all three languages and plans are also underway to change the medium of instruction of all programmes to English in the near future. Some Departments have also introduced internship programmes for final year Honours Degree undergraduates with a view to enhancing their employability.

The Student's Computer Unit, IDAS Computer Lab and the Computer

Teaching Unit within the Faculty has enabled students to become computer literate – an essential skill in the economic and academic climate of today – within a short period of time. Computer application is a compulsory course unit in the first year for all students in the Faculty. From 2015 onwards, a study stream in IT was also introduced for those who have not opted for an Honours Degree.

The Department of English Language Teaching (DELT) provides undergraduates with a working knowledge of English through its proficiency courses in English. There cannot be any dispute that a working knowledge of English offers students a distinct advantage to function with confidence in today's society. English proficiency courses are compulsory for all undergraduates in the Faculty. Students need to pass at least level 2 of proficiency in English to obtain the Degree.

The Faculty is unique in accepting registration of a Special Intake for students with disabilities for each academic year. The Faculty is committed to inclusive education and strives to develop assistive technologies to support students with disability. The Faculty has established a Centre for Disability Research, Education, and Practice (CEDREP) and a Support Centre for Students with Disabilities (SCSD) to achieve this goal.

The Faculty has been awarded a World Bank grant titled Accelerating Higher Education Expansion and Development (AHEAD) to enhance student's English Language skills, Research skills, and Employability. Furthermore, the grant is focused on developing accessibility to education for students with disabilities. The activities planned under these areas under the project are underway and is hoped to be completed by 2022.

Quality Assurance Cell (QAC)

The QAC of the Faculty was established formally in 2017 as per the requirements stipulated by the Quality Assurance and Accreditation Centre (QAAC) of the UGC. Accordingly, the QAC functions under the purview of the Internal Quality Assurance Unit (IQAU) of the University of Colombo. A main responsibility of the QAC is to promote quality enhancement activities within the Faculty by liaising with Curriculum Development Committee and other Faculty Committees and Departments. Students may approach the QAC through the Dean of the Faculty with concerns regarding the academic programmes offered by the Faculty.

One of the main functions of the QAC is to evaluate the quality, relevance and applicability of the degree programmes offered by the FoA, thus a student feedback questionnaire and a peer review questionnaire are administered in each semester. In addition, from 2021 a graduate satisfaction questionnaire will be administered to final year students in their final semester of the degree programmes to evaluate the quality of the degree programme that each department offer. All these questionnaires are administered as an online form through the Learning Management System (LMS) from 2021 and ensures confidentiality of students. Analysis of these surveys gives insight into changing the curriculum, course objectives, learning outcomes, methods of teaching, learning and assessments. Thus, it is crucial that students consider feedback questionnaires as their opportunity to express their diverse opinions of their graduate life in the FoA.

The QAC comprises of; the Dean, Director of Undergraduate Studies, Deputy Registrar, Heads of all Departments and Units in the Faculty and Director QAC Faculty of Arts.

THE COURSE UNIT SYSTEM (CUS)

Introduction

The Faculty of Arts, University of Colombo, has implemented the Course Unit System (CUS) since 1998. It offers many benefits to students such as extended lecture hours per unit in both semesters, flexibility in designing one's own study programme, and increased transparency in relation to course outlines and evaluations.

The Academic Year and Semesters

The academic year is divided into two semesters – Semester I and Semester II. The Calendar of Dates for the academic year provides you with information on the duration of the semesters, period of study-leave, and examinations.

Registration Policy of Course Units

Selecting course units (CUs) for both semesters at the beginning of the academic year is mandatory. All first-year students should register online (www.sis.arts.cmb.ac.lk) for their preferred courses. A copy of the courses selected will be sent to the student's official email account. Any changes to the CUs should be informed in writing via the student's official email to IDC within the **first two weeks** of the semester.

Subject Categories and Codes

In the Faculty of Arts, CUs come under several main subject categories. These main subject categories are announced annually by the Faculty, as subject categories may change. Students are advised to consult the IDC for specific details. The current list of main subject categories and the associated subject codes are given in Table 1.

Since 2016, the Faculty has been offering Enhancement (ENH) courses in addition to the Foundation (FND) courses offered during the first year of study. ENH courses are offered in the second and third years for students.

It is expected that the repertoire of ENH courses will enhance students' soft skills and offer them opportunities to gain credits by engaging in co-curricular activities. Some ENH courses which are fully or partially based on classroom teaching and learning will be allocated 2 credits while others which engage students in co-curricular activities outside the classroom will be allocated 1 credit. A student is expected to obtain 6 credits during his/her second and third years of study through ENH courses. Therefore, a student would have to follow ENH courses to accumulate the necessary credits (6) during his/her undergraduate programme. Certain ENH courses will be offered as non-credit optional courses to Honours Degree students.

Course Units and Codes

Each CU has its own identification code (subject code + unit code). For example, the subject code ECN indicates the Economics stream. The first two digits of the code indicate the year and the semester in which the course unit is offered.

E.g. ECN 1101 is the Principles of Economics course unit offered in the 1st semester of the first year, and ECN 1202 is the World Economic Development and Sri Lanka course unit offered in the second semester of the first year.

Credit Weights for Course Units

Currently a credit is defined as fifty (50) notional hours as per the latest version of credit calculation given by Sri Lanka Qualification Framework (SLQF). Notional hours include teaching/contact hours, discussions, tutorials, practical, preparation for and completion of examinations and self-study engaged in by students. The majority of CUs offered in the Faculty are weighted as three (03) credits. However, there may be course units offered by certain Departments/Units with different credit weights.

Course Unit Selection

A minimum number of five students should be initially registered to take a particular course unit before it can be offered by a Department/Unit.

There are three important options you need to consider when selecting CUs in the first year.

- i. Do you want to read for a three-year degree in Arts (Study Streams)?
- ii. Do you want to read for a four-year Honours degree in Arts majoring in one subject?

or

iii. Do you want to read for a Bachelor of Education degree (BEd) offered by the Faculty of Education?

Table 2 explains how students should select the minimum required number of CUs for the first year in Arts.

Table 2: Sources from which the CUs should be selected for the first year in Arts

placement tests)						

For first year undergraduates, certain CUs are mandatory and other CUs require auxiliary CUs. For example, when a first-year student selects Demography as one of his/her three principal subjects, it is mandatory to take DMG 1101 and one other CU from the Demography stream. Similarly, when Economics and/or Geography is on the list of the three principal subjects, it is mandatory to select FND 1106 or FND 1206 to comply with the requirements of these Departments. For those wishing to read for Bachelor of Education from the second year, it is necessary to select FND 1110 in the first year in Arts. Similarly, for those wishing to take a specific study stream, it is mandatory to select the relevant FND units offered. For example, FND 1106 or FND 1206 is a pre-requisite for the four-year degree in Demography. Students are advised to consult the relevant departments for up-to-date information on such requirements, as Departments make regular changes to their curricula.

Selection for the Bachelor of Education degree programme is based on students' performance at the first-year examination and in FND 1110.

Selection for Honours Degree programmes is based on students' performance at the first-year examinations. Further information in this regard is available on respective department information pages.

First Year in Arts

IT IS MANDATORY TO SELECT UNITS FOR THE ACADEMIC YEAR IN THE FOLLOWING MANNER:

Six (6) CUs - two (2) from each principal subject, which have equal ranking in weight

Two (2) English FND units -

It is mandatory for all first-year undergraduates, except for those exempted from the FNDE course units after sitting the placement test, to select the two Foundation Course Units (FNDE 1108 and FNDE 1209) in English offered by the Department of English Language Teaching.

Two (2) other FND units -

All students are expected to offer 2 other FND CUs in addition to the 2 FNDE CUs.

Those who have been **exempted** from the FNDE CUs must select 4 FND CUs.

One (1) IT FND unit -

It is mandatory for all students, except for those who are taking the IT study stream to complete an IT FND unit (FND1120 and FND 1221).

Course Unit Selection for BEd Programme

The total number of CUs for the BEd programme depends on the requirements and guidelines given by the Faculty of Education. However, students who read for the BEd degree are requested to adhere to the requirements and regulations of a three-year degree in Arts up to Part II of the BEd programme.

Students opting to join the BEd programme from the second year are advised when selecting subjects in the first year in Arts to select at least two (2) subjects that are taught in schools. The subjects that are taught in schools at present are

Sinhala, English, Economics, Journalism, History, Geography, Political Science, Buddhism, and Islam. Each department offering school subjects have declared recommended courses for students in the BEd programme to take in each academic year. These courses are mentioned in the list of courses provided under the department/unit section of the prospectus.

Selection for Study Streams and Honours Degree

Once you have decided on the desired study programme, you must be aware of the rules and regulations provided in the By-Laws of the Bachelor of Arts Degree Programme that govern the conduct of the CUs. One such important regulation is the minimum number of credits mandatory for a student to complete in each academic year.

Table 3: Minimum Credit Requirement (MCR)

Year of Study	MCR
1st Year in Arts	30
2nd Year in Arts	30
3rd Year in Arts	30
4th Year in Arts	30

The decision on how to distribute CUs between two semesters is entirely up to each student, depending on the timetable and the availability of course units. However, the maximum number of CUs that a student may offer in a semester (current/repeat/incomplete in total) is seven.

Study Streams

The Faculty of Arts inaugurated Study Streams for those who opt for a three-year degree in Arts in May 2015. A Study Stream is a **streamlined** and **closely targeted** selection of subject-specific course units offered by departments/units in the Faculty.

The Study Streams give more direction and focus to the students taking three-year degrees at the Faculty of Arts. Hence, students can have the opportunity to offer an array of courses that amount to a sound combination that will result in rigorous knowledge in a particular area. The Study Streams concept aims to help three-year degree students make a smart selection of course units.

The Study Streams also provide three-year degree students with a greater sense of belonging to a particular Department. Under this programme, the departments of study have primary oversight over students' academic progress. Thus, the Study Stream concept aims to strengthen the connection between Departments and three-year degree students to enhance a mutual sense of ownership and belonging.

The below table explains the building blocks of Study Streams:

Table 4: Allocation of Credits for Study Stream Subjects

FND: Foundation Units, ENH: Enhancement Units

Note: The number of course units to be taken each year is calculated on the assumption that each CU is 3 credits and ENH is 1 credit.

With the Study Streams, it is evident that more emphasis is placed on **Subject One**. Starting from the first year, students will be required to complete a minimum of **36 credits in Subject One**. Students can choose the **Subject One** in their second year from any subject that they undertook in the first year. Under the Study Stream programme, unit selection has been streamlined and simplified. The academic departments and units will announce the full list of courses associated with their study streams at the beginning of each academic

year. Further details about the courses offered in this academic year can be found under the department introductions of this prospectus.

The following study streams are offered to undergraduates:

Honours Degree

The Faculty offers 10 four-year Honours Degree Programmes. Students are selected to honours degree programmes based on their results for first year subjects. Under these programmes the students are given an in-depth knowledge and exposure to the respective subjects.

The table 6 below explains the building blocks of Honours Degree Programme:

Non-Credit CU(s)

Under the CU System, students can register for non-credit or audited CU(s). The maximum number of non-credit CU(s) that can be selected is two per academic year. Details of these non-credit CU(s) will appear in the student's result sheet and transcripts. However, they will not be taken into account when selecting for Honours Degrees are made or for calculating the Grade Point Average (GPA).

Policy on Changing CUs and/or Subject Categories

Students may make changes to their original selection of CUs and/or subject categories within the <u>first two weeks of the first semester</u>. Information on these dates is provided in the calendar of dates, and it is mandatory for students to act accordingly. Students may not change course unit(s) and/or subject(s) after this period. Students may make changes to their CUs in the <u>first two weeks of the second semester</u>. All such requests should be submitted in writing via the student's official email address to the Coordinator/ IDC.

Students should not change CUs for which they have been registered, without first obtaining the approval of the Head of the Department for this subject, the Dean/Arts and the IDC Coordinator. If a student wishes to select a CU(s) from the second semester by dropping certain CU(s) which they registered for at the beginning of the academic year, such requests should be made to the IDC within **two weeks** of the commencement of the academic year, after which they will not be accommodated.

Timetables

Master timetables for CUs and for the final examinations for both semesters will be available at the beginning of each academic year. These should be considered as final unless otherwise stated by the Departments/Units. In selecting CUs, students are advised to pay attention to the scheduling of classes and examinations to ensure that they do not select a combination of courses for which the timing of classes and examinations coincide.

EVALUATION POLICY

Continuous Assessments

Under the continuous assessment system, students will be evaluated at least once during the semester before the final examination/assessment. The end-of-semester examination is the final point of the whole process of evaluation assigned for the CU(s) except for those courses which require internships/training/practicals. At each evaluation (which may be in the form of written tests, take-home assignments, oral presentations, etc.) students earn marks. The usual weightage of marks is distributed as follows: 40% for continuous assessment (with 5% - 10% for class participation), and 60% for the end-of-semester examination. However, as Departments have the flexibility to change this weightage, students are advised to consult their Departments for examination/evaluation guidelines.

If a student has not completed the mid-semester examination, he/she will not be allowed to sit for the end of semester examination. A student who completes the mid-semester continuous assessments but fails to take the semester-end examination due to some valid reason/s such as illness will have the status of Incomplete (IC) and will be entitled to carry forward his/her mid-semester marks up to two years till he/she completes the end-semester examination for the relevant course unit.

Final Examinations

A student has to complete the whole system of continuous assessment offered in a semester in order to obtain the maximum grades for each CU. However, in order to be considered as having completed a CU, a student should have completed at least 50% of all continuous assessments and the final examination. When a student sits for the end-of-semester examination, it indicates that he/she has completed the process of evaluation with regard to the respective semester and CU(s), except in those courses with internships / training / practical that may be held after/before the end of examination.

Students will be permitted to sit the mid-semester and end-of-semester examinations only if they have a valid university registration for the current academic year and have registered for the relevant course units with the IDC. A

list of students and the CU(s) for which they have registered will be available at the IDC between Weeks 3 and 4 of the first semester.

Duration

The duration of the end-of-semester examination for each CU will be two hours unless informed otherwise by respective Departments.

Disability

Students with disabilities are eligible for extra time if their disability could impede their writing speed. To receive this extra time the student should produce a letter issued by the University/Chief Medical Officer certifying that their disability/severe illness will impede their writing speed at the examination. The student should submit this letter to the IDC at the beginning of the Academic Year which is then forwarded to the Faculty Board for approval. The decision of the Faculty Board will be informed in writing by the IDC to the student. If the nature of the disability is permanent the student would not need to renew the approval in each Academic Year. The extra time given will be twenty (20) minutes for each hour of the examination.

Absence at Examinations

Students who, because of a genuine reason such as illness, are unable to sit the end-of- semester examination(s) should submit a valid document such as a medical certificate issued by the Chief Medical Officer (CMO)/University Medical Officer (UMO) of the University of Colombo or a valid Medical Certificate recommended by the CMO/UMO within fourteen working days of the missed examination, along with the completed form issued by the IDC. Only MCs recommended by the CMO/UMO will be accepted by the Faculty. The CU(s) will then be considered incomplete (IC). When the CU(s) is offered again, students can sit for the end-of-semester examination and complete the CU(s) at a future date without hindering their prospects for a class. Therefore, the IDC urges all undergraduates to take utmost care in the matter of submitting MC(s), in order to minimize or avoid inconveniences.

The UMO will consider MCs issued only by a government Hospital/District Medical Officer. MCs issued by private medical practitioners will be considered only in the case of medical leave for less than five (05) days. In such a situation, students are required to forward MCs to CMO/UMO with the form

issued by the IDC within fourteen (14) days of the last date of recommended medical leave. In addition, the CMO/UMO may request documents, such as receipt of payments for the MC from a Government Hospital, prescription(s) of the medicine taken, test reports if any, etc.

Students, who are unable to sit for the final examination due to genuine reasons other than illness, can make appeals to the Appeal Board appointed by the Faculty with supporting documents. The Appeal Board carefully scrutinises such application before arriving at a final decision. All such appeals are required to be handed over to the IDC within **fourteen (14) days** from the date of the examination.

Index Numbers

The registration number assigned to a first-year student will also be his/her examination index number. E.g. Index number A12170 and Reg. No. 2018/BA/12170

Policy of Make-Up Examinations

End-of-semester examinations/assessments (for first- and second-year candidates) are not repeated under any circumstances. If a student fails to sit the end-of-semester examination of a particular CU(s), he/she can sit for it in the next academic year, or in the following semester of the same academic year, but only if the CU(s) is being offered in that semester.

Mid-term exams, assignments, classroom tests, oral presentations, etc. in general are not repeated either. The dates of these tests are notified at the beginning of each semester by academic staff. It is therefore the responsibility of the student to sit for these tests and complete his/her assignments on time.

However, if a student is unable to complete an assignment due to unavoidable circumstances, he/she can submit a written request for a make-up test to the lecturer(s). Requests should reach the lecturer(s), along with supporting documents, within **two weeks** of the original date of the assignment or midsemester exam. Students are advised, however, that the respective Departments will make the final decision on such requests.

All make-up tests/assignments should be completed before the end-of-semester examination of the CU(s) commences. Departments that decide not to offer

make-up tests will inform students of their decision at the beginning of the semester.

Under the CU System, students can complete their missed evaluations in future semesters. Students who have successfully completed their continuous assessments but have not been able to complete the end-of-semester examination of a particular CU(s) due to a genuine reason can request the relevant Department, through the IDC Coordinator, to carry forward the marks obtained at the continuous assessment until he/she sits the end-of-semester examination of the CU(s) in question. The maximum period for which such marks can be carried forward is two consecutive academic years.

Registering for Final Examinations

The student can register for end-of-semester examinations via www.sis.arts.cmb.ac.lk. A copy of the registration will be emailed to the student's official email address. Students cannot apply for examinations in CUs other than those CUs for which they have registered.

Repeat/Incomplete Course Units

Students are required to inform the IDC about repeat and/or incomplete CUs at the time of handing in the examination application forms for the current year of study. For all repeat attempts, the required examination fees must be paid. Students should obtain the relevant information from the Examinations Department of the University of Colombo. Students have the original attempt and two subsequent attempts to pass a CU.

Failed CU(s)

It is mandatory to complete all failed CU(s). According to the regulation, "the student who have failed the examination in any one year have to appear for the examination at the subsequent occasion" which means in the next relevant year and semester. A student can obtain his/her Degree only if he/she has passed all the required CUs.

When a failed CU(s) is successfully completed, the actual grade earned by the student at the repeat attempt will be shown in the detailed results sheets, transcripts, etc. with the special symbol 'RC'. However, when computing the

Grade Point Average (GPA), the grade point value assigned to repeat CU(s) will be 2.00 only.

Under the CU system, students who read for a three-year Degree have up to six consecutive years from the first year to complete the Degree without penalty. Students reading for a four-year Honours Degree have a maximum period of eight consecutive years from the first year to complete their programme of study. Students need to obtain prior permission from the Faculty Board/Senate to prolong their period of study in this manner. Students who prolong the period of study without prior approval by the Faculty Board/Senate will be disqualified from obtaining a class.

Withdraw-Failing CU(s)

Students can substitute CU(s) in place of a repeat CU(s) under the "Withdrawn-Failing" category. In such cases, students have to obtain written permission from the Head of the Department concerned and the Dean, Faculty of Arts to select a new CU in place of a failed unit. It should be noted, however, that this new CU will be considered a repeat attempt and assigned a maximum grade of C (GPV 2.0).

Non-Credit or Audited CU(s)

When applying for the examination, students are required to clearly mark all non-credit CU(s).

Criteria for Evaluation

In the evaluation process, the mark obtained by a student for each course is converted into a grade according to the scheme given in Table 8.

The grade point for each course unit is determined by the following grades:

Table 8: Criteria for Evaluation

Range of Marks	Grade	GPV
80+	A+	4.00
75-79	A	4.00
70-74	A-	3.70

30-34	D	1.00(Fail)
00-29	Е	0.00(Fail)

Notes: * - minimum performance for a pass.

Grade Point Average (GPA)

Classes and Passes will be awarded on the basis of the Grade Point Average (GPA). The Grade Point Average (GPA) is obtained by dividing the total number of grade points earned by the number of credit value. The total number of credits considered for computing the GPA will be 90 for Bachelor of Arts Degree (<Subject Stream>) and 120 for Bachelor of Arts Honours as provided in the by-laws. The number of credits of the first year shall be counted for this purpose.

$$GPA = \frac{\sum_{i=1}^{N} (C_i G_i)}{\sum_{i=1}^{N} (C_i)}$$

Where:

GPA = Grade Point Average

 $\sum_{i=1}^{N} (C_i G_i)$ = Total of credit values multiplied by the total of

value for Grade earned

 $\sum_{i=1}^{N} (C_i)$ = Total of credit value

The following table shows an example on how the GPA is calculated:

Table 9: Example of GPA calculation

When a "fail" course unit is successfully completed at a subsequent attempt by a candidate, that course unit will be identified in the transcript by a special symbol (RC) Repeat Completed. The actual grade point earned by the student for the repeated course will be shown in the transcript. However, when computing the GPA, the grade point value assigned to that course unit will be 2.00 only.

கந்கைநெறி அலகு முறைமை

அறிமுகம்

கொழும்புப் பல்கலைக்கழகத்தின் கலைப் பீடமானது கற்கைநெநி அலகு முறைமையினை 1998 இல் இருந்து நடைமுறைப்படுத்தி வருகிறது. இம்முறைமையானது இரண்டு அரையாண்டுகளிலும் ஒவ்வொரு அலகுக்குமான கூடுதலான விரிவுரை மணித்தியாலங்கள், ஒருவர் தனது கற்கைநெறியினை வடிவமைப்பதற்கான நெகிழ்ச்சித்தன்மை, கற்கைநெறிகளின் பொருட்சுருக்கம், மதிப்பீடுகள் போன்ற விடயங்களில் கூடுதல் வெளிப்படைத்தன்மை முதலான பல நன்மைகளை மாணவர்களுக்கு வழங்குகிறது.

கல்வியாண்டும் அரையாண்டுகளும்

கல்வியாண்டானது முதலாம் அரையாண்டு, இரண்டாம் அரையாண்டு என இரண்டாகப் பிரிக்கப்பட்டுள்ளது. கல்வியாண்டுக்கான நாட்காட்டியானது அரையாண்டுகளின் காலப்பரப்பு, கல்வி விடுமுறைகளின் காலப்பகுதி, மற்றும் பரீட்சைகள் என்பன தொடர்பான தகவல்களை வழங்குகிறது.

கற்கைநெறி அலகுகளின் பதிவுக் கொள்கை

கல்வியாண்டின் தொடக்கத்திலேயே இரண்டு அரையாண்டுகளுக்குமான கற்கைநெறி அலகுகளைத் தெரிவுசெய்வது கட்டாயமாகும். முதலாம் ஆண்டு மாணவர்கள் அனைவரும் தங்களுக்க<u>ு</u> விருப்பமான கந்கைநெறி பகிவகளை (www.sis.arts.cmb.ac.lk) நிகம்நிலைப் அலகுகளுக்கு மேற்கொள்ள வேண்டும். தெரிவுசெய்யப்பட்ட பாட அலகுகளின் பிரதியொன்று மாணவரின் பல்கலைக்கழக மின்னஞ்சல் முகவரிக்கு அனுப்பிவைக்கப்படும். இந்தப் பாட அலகுகளில் ஏதேனும் மாற்றம் செய்யப்படவேண்டும் எனின் அரையாண்டின் முதல் இரண்டு வாரங்களுக்குள் பல்கலைக்கழக மின்னஞ்சல் ஊடாக ககவல் மள்ளம் ஆவணப்படுக்கல் மையக்கிள்க (IDC) அளியக்கா வேண்டும்.

பாட வகுதிகளும் குறியீடுகளும்

கலைப் பீடத்தில் கற்கைநெறி அலகு முறைமையானது பல பிரதான பாட வகுதிகளின் கீழ் வருகிறது. பாட வகுதிகள் மாறக் கூடியவையாதலால், பிரதான பாட வகுதிகள் ஆண்டுதோறும் பீடத்தினால் அறிவிக்கப்படுகின்றன. விசேடமான விபரங்களுக்குத் தகவல் மற்றும் ஆவணப்படுத்தல் நிலையத்தை அணுகுமாறு மாணவர்கள் அறிவுறுத்தப்படுகின்றனர். தற்போது நடைமுறையில் உள்ள பிரதான பாட வகுதிகளின் பட்டியல், இணைப்பாடக் குறியீடுகள் என்பன கீழ்க்காணும் அட்டவணை 1இல் தரப்பட்டுள்ளன. முதலாம் கல்வியாண்டில் வழங்கப்படுகின்ற அடிப்படைக் கற்கை நெறிகளுக்கு (FND) மேலதிகமாக மேம்படுத்தற் கற்கைநெறிகளைப் (ENH) பீடமானது 2016ஆம் ஆண்டிலிருந்து வழங்கி வருகிறது. இந்த ENH கற்கைநெறிகள் மாணவர்களுக்கு இரண்டாம் மற்றும் மூன்றாம் கல்வியாண்டுகளிலும் வழங்கப்படுகிறது.

ENH மென் கற்கைநெறித் தொகுதி மாணவர்களின் திறன்களை மேம்படுத்துவதோடு அவர்கள் இணைப்பாடவிதானச் செயற்பாடுகளில் ஈடுபடுவதன் மூலம் நல்ல மதிப்பெண்களைப் (Credits) பெறும் வாய்ப்புகளையும் வழங்கும் என எதிர்பார்க்கப்படுகிறது. மாணவர்களை ഖகுப்பளுக்கு வெளியிலான இணைப் பாடவிதானச் செயந்பாடுகளில் ஈடுபடுத்தும் ஏனைய கற்கைநெரிகளுக்கு ஒரு (1) மதிப்பெண் ஒதுக்கப்படும் அதேவேளை, முழுமையாகவோ அல்லது பகுதியளவிலோ வகுப்பறைக் கந்நல் <u>கந்</u>பித்தலை அடிப்படையாகக் கொண்ட சில ENH கற்கைநெறிகளுக்கு 2 மதிப்பெண்கள் ஒதுக்கப்படும். மாணவர் ஒருவர் தனது கந்கைநெரிக் காலத்தில் **ENH** க<u>ற்</u>கைநெறிகளினூடாக இளமாணிக் மதிப்பெண்களைப் பெறவேண்டுமென எதிர்பார்க்கப்படுகிறது. ஆகவே மாணவர் ஒருவர் ஓர் ஆண்டில் தேவையான மதிப்பெண்களைச் சேகரிப்பதற்கு ENH க<u>ர்</u>கைநெரிகளைத் கொடர வேண்டியிருக்கும். ஆயினும் சில ENH கற்கைநெறிகள் கௌரவ மாணவர்களுக்கு மதிப்பெண்களந்ந விருப்பத்துக்குரிய தெரிவுக் கற்கைநெறிகளாகவே வழங்கப்படும்.

கற்கைநெறி அலகுகளும் குறியீடுகளும்

ஒவ்வொரு கற்கைநெறி அலகுக்கும் அதற்கான அடையாளக் குறியீடு காணப்படும் (பாடக் குறியீடு + அலகுக் குறியீடு). எடுத்துக்காட்டாக (எ.கா), ECN எனும் குறியீடு பொருளியல் பாடத்தைக் குறிக்கின்றது. அலகுக் குறியீட்டின் முதலிரு எண்களும் கற்கைநெறி வழங்கப்படும் ஆண்டையும் அரையாண்டையும் சுட்டுகின்றன.

எ.கா – ECN 1101 என்பது முதலாம் ஆண்டின் முதல் அரையாண்டில் வழங்கப்படும் பொருளியல் தத்துவங்கள் என்ற கற்கைநெறி அலகாகும். ECN 1202 என்பது முதலாம் ஆண்டின் இரண்டாம் அரையாண்டில் வழங்கப்படும் உலகப் பொருளாதார அபிவிருத்தி மற்றும் இலங்கை என்ற கற்கைநெறி அலகாகும்.

கற்கைநெறி அலகுகளின் மதிப்பெண் பெறுமதி

இலங்கைத் தகைமைச் சட்டகத்தினால் (SLQF) வழங்கப்பட்ட சமீபத்திய மதிப்பெண் கணிப்பு வடிவத்திற்கிணங்க ஒரு மதிப்பெண் என்பது ஐம்பது (50) உத்தேச மணித்தியாலங்களைக் கொண்டது. உத்தேச மணிக்கியாலங்கள் கற்பித்தல், கலந்துரையாடல், பாடக்குறிப்புகள், செய்முறைகள், மாணவர்களின் சூய கற்கைகள் என்பவற்றை உள்ளடக்கியது. பீடத்தால் வமங்கப்படும் அனேகமான கந்கைநெறி அலகுகள் **ഫ്രത്**ന്ദ്വ (03)மதிப்பெண்களைக் கொண்டதாகவே அளவிடப்படுகின்றன. ஆயினும் சில துறைகள்/பிரிவுகள் வேறுபட்ட மதிப்பெண் பெறுமதிகளைக் கொண்ட கற்கை அலகுகளை வழங்கக்கூடும்.

கற்கைநெறி அலகுத் தெரிவு

ஒரு துறை/பிரிவினால் கற்கைநெறி ஒன்று வழங்கப்படுவதற்கு முன்னர் குறித்த கற்கைநெறியைத் தொடங்குவதற்கு ஆகக் குறைந்தது ஐந்து மாணவர்களாவது ஆரம்பத்தில் பதிவு செய்திருத்தல் வேண்டும்.

கற்கைநெறி அலகொன்றைத் தெரிவு செய்வதற்கு முன்னர் நீங்கள் கவனத்திற் கொள்ள வேண்டிய மூன்று முக்கியமான விடயங்கள் உள்ளன.

- (i) நீங்கள் கலைப் பிரிவில் (பாட ஒழுங்கில்) மூன்றாண்டுப் பட்டத்தைத் தொடர விரும்புகிறீர்களா? **அல்லது**
- (ii) நீங்கள் கலைப் பிரிவில் ஒரு பாடத்தைப் பிரதானமாகக் கற்று நான்காண்டு கௌரவப் பட்டத்தைத் தொடர விரும்புகிநீர்களா? அல்லது

UNIVERSITY POLICY AGAINST SEXUAL HARASSMENT

This Policy provides for the prevention of sexual harassment, and a complaints mechanism for persons affected by sexual harassment. It applies to persons and places that come under the aegis of the University of Colombo.

1. General Principles

The University of Colombo is committed to maintaining a learning environment and workplace that are free of sexual harassment to all persons, irrespective of gender. Based on the fundamental values of human dignity, gender equality and respect for due process, this policy seeks to spell what sexual harassment means, prevent the occurrence of sexual harassment within the University of Colombo, and provide suitable procedures for inquiring into, and punishing acts of sexual harassment.

In Sri Lanka, sexual harassment is a criminal offence under Section 345 of the Penal Code and is criminalized in the context of Higher Education under Section 2(2) of the Prohibition on Ragging and All Forms of Violence in Education Institutions Act No 20 of 1998. Furthermore, the Constitution guarantees the right to equality and equal protection of the law including the prohibition of discrimination on the basis of sex (Article 12 (1) & (2)) and guarantees the freedom to engage in a lawful occupation (Article 14(1)(g)). Sri Lanka's international legal obligations under CEDAW (the Convention on the Elimination of All forms of Discrimination Against Women) and the ILO (International Labour Organization) Convention 111 titled 'Discrimination in Respect of Employment and Occupation' also require the prevention of sexual harassment in the workplace and the provision of remedies for victims of sexual harassment.

1.1 Objectives

- (i) To promote a culture at the University of Colombo in which the dignity and equality of all persons are respected
- (ii)To prevent the occurrence of sexual harassment through targeted, preventative interventions

(iii) To adopt a zero tolerance on acts of sexual harassment and mechanisms to provide for the resolution of complaints through mediation and/or disciplinary action

1.2. Definition of Sexual Harassment

Sexual Harassment refers to any act (physical, verbal, gestural, visual, tacit or written) that inflicts physical, mental or other harm or annoyance based on another person's gender and/or sexuality. Such acts constitute sexual harassment, which applies when all members of the university community (see 1.4 for persons governed under this policy) engage in any of the above acts. (For examples see Acts Subject to Disciplinary Action – Section 2).

1.3. General Conduct

All persons who are governed by this Policy are required to follow accepted ethical standards in their conduct and are required to refrain from committing acts of sexual harassment, abstain from promoting sexual harassment or encouraging it, desist from concealing acts of sexual harassment, contribute to efforts undertaken by the University to prevent sexual harassment, and promote a culture of respect for all persons irrespective of gender.

Such persons shall, for example,

- (i) Refrain from making reference to sexuality explicitly or implicitly a term or condition of an individual's employment or academic advancement, work benefits or activity;
- (ii) Refrain from using the rejection, or non-acceptance of sexual advances by an individual, as a basis for employment or academic decisions affecting or concerning such an individual;
- (iii) Refrain from conduct that has a negative impact, on the basis of rejection or non-acceptance of sexual advances, on an individual's work or academic performance, or creates, or solicits others to create an intimidating, hostile, or offensive working and academic environment;
- (iv) Refrain from concealing formal or informal complaints of sexual harassment; and
- (v) Refrain from using ICT for acts of sexual harassment

1.4. Persons and Places governed by this Policy

- (i) All those who derive their authority under the University Act and who act under the aegis of the University of Colombo are governed by this Policy (Ex. University administration and academic staff, temporary and visiting academic staff, students, external supervisors and examiners, evaluation panellists, academic support staff, non-academic staff, contract staff, employees of outsourced service providers).
- (ii) All acts carried out under the aegis of the authority of the University are governed by this Policy whether within or outside the University premises.

2. Acts Subject to Disciplinary Action

Sexual harassment, perpetrated individually, or as a group, against an individual or a group for the purposes of disciplinary action by the Council of the University of Colombo constitutes the following kinds of behaviour, but are not limited to:

2.1. Specific Acts of Sexual Harassment

- (i) Unwelcome sexual advances and unwanted sexually oriented comments in the form of verbal, non-verbal, or physical conduct (Ex. lewd comments, lurid stares, sexually loaded insults, slander, remarks, gestures, jokes, letters, phone calls, electronic mail (email), SMS, MMS, and communications on social media)
- (ii) Showing of pornography, making, or attempting to make physical contact or molestation, stalking, sounds including whistling, or display of a sexual nature
- (iii) Requests for sexual favours
- (iv) Sexualised requests or demands for favours accompanied by explicit or implicit promised rewards or threatened punishment
- (v) Sexual assault or threatened sexual assault
- (vi) False allegations of any of the above

2.2. Acts of Intimidation Connected with Complaints

Acts of harassment (Ex. slander, intimidation, discrimination, victimization, threats, indirect harassment) against any person who has complained of conduct covered by this Policy, or who is a witness, or who assists in the investigation of

such a complaint shall constitute conduct subject to disciplinary action by the Council of the University.

3. Complaints of Sexual Harassment and Procedures

3.1. The Mechanism

The Council of the University of Colombo shall appoint a committee to conduct a preliminary investigation to gather prima facie evidence, and thereafter inquire into complaints of sexual harassment that will, following its inquiry, recommend in appropriate cases disciplinary action to the Vice Chancellor. This committee shall be known as the Committee of Inquiry on Sexual Harassment (CISH). The committee shall comprise ten members, and have gender parity, reflect the diversity of the university community and have at least three external members. All its members should have a proven track record of working on issues of gender equality and equity and be trained to investigate and inquire into cases of sexual harassment. The CISH will also have the authority to appoint mediators in consultation with the Vice Chancellor and the parties concerned, towards an informal resolution process where necessary.

3.2. Who May Complain

All persons governed by this policy (See 1.4. (i)) shall complain, as well as a visitor to the University and/or a third party who has a personal or professional link to the alleged victim or who has witnessed the alleged harassment (Ex. family member, member of the academic staff, student counsellor).

3.3. The Form of the Complaint and Procedures

- (i) A person governed by this Policy may seek resolution through a written or oral complaint to the Vice Chancellor, and/or the Chair of the CISH, and/or the Faculty Grievance Committee. In the case of the complaint of sexual harassment being made to the Vice Chancellor or the Faculty Grievance Committee the latter shall forward it to the Chair of CISH for a preliminary investigation and thereafter where necessary an inquiry.
- (ii) Any complaint should be made in writing and signed, or if the complaint is oral, the oral complaint shall be recorded in writing by the authority receiving the complaint (Ex. Rector, Director of Institute, Dean, Head of Department, Student Counsellor, Coordinator of Programs) and signed by the complainant.

- (iii) A complainant may seek resolution through mediation and/or formal procedure.
- (iv) Such procedures do not in any way prevent the complainant from, at any point, seeking redress under any law that may apply.

3.3.1. Mediation

- (i) A complainant may opt for mediation to bring closure to the matter /and or prevent its recurrence. Use of the mediation process in no way precludes the complainant from using the formal adjudicative procedure.
- (ii) By this mediation procedure, the complainant formally requests ameliorative action on the part of the accused by a written communication.
- (iii) In consultation with the Vice Chancellor, the CISH shall appoint two mediators, acceptable to all parties to the complaint, consisting of one internal and one external member, who should also represent the genders of the parties to the complaint. An observer (non-legal) who represents the interests of each of the parties to the complaint, and a representative of CISH may be present at the mediation proceedings. The CISH has the responsibility to ensure that the mediation process is carried out in a collegial and non-threatening environment.
- (iv) If the mediation procedure is concluded to the satisfaction of both parties the matter is reported to the Vice Chancellor and closed.
- (v) Confidentiality should be maintained regarding all complaints. Interview recordings if any, communications, documentations, and reports shall be divulged only to authorized persons.

3.3.2. Formal Procedure

- (i) The formal procedure shall be initiated by a party to a complaint through a written communication to the CISH through the Vice Chancellor and/or the Faculty Grievance Committee in the following instances:
 - (a) Where the mediation process fails (either during its process or at its conclusion) to satisfy either party
 - (b) Where either party chooses to adjudicate the complaint through the formal process

- (ii) Where the Vice Chancellor initiates a formal process at his/her discretion and refers the complaint to the CISH for the same.
- (iii) The CISH should complete its preliminary investigation and, if prima farcie evidence is found, its inquiry and submit its report and recommendations to the Vice Chancellor within two months of receiving the complaint. The Vice Chancellor shall thereafter, make his or her recommendations on the report and forward it to the Council of the University for necessary action.
- (iv) Members of the CISH who serve on the preliminary investigation should not serve on the subsequent inquiry
- (v) If the CISH finds that a malicious false complaint has been made, it shall be reported to the Vice Chancellor who shall consider the matter and refer this to the Council of the University for necessary action. However, inability to prove a complaint of sexual harassment should not be designated a false complaint.
- (v) The sexual history and/or sexual orientation of the complainant shall be deemed irrelevant to a complaint of sexual harassment at any one given time.
- (vi) When any complaint is being considered for resolution, the parties to the complaint shall not be permitted to continue with, or undertake any activity, that can intimidate or unduly influence the complainant to withdraw the complaint or discontinue the process in any way. During this time, the parties shall, in general, be required to maintain minimum contact.
- (vii) Nothing in this Policy shall prevent the Vice Chancellor initiating a formal disciplinary procedure in respect of conduct that comes within the scope of this Policy and constitutes grave misconduct for the purpose of disciplinary action under the University Establishment Code.
- (viii) Any findings or conclusions arrived at through the procedure do not preclude the application of any law that may apply.

4. Prevention of Sexual Harassment

- (i) This Policy shall be accessible to the entire university community and made available in Sinhala, Tamil, English and Braille, and be published in student handbooks, the university calendar and the university website.
- (ii) A clause on this Policy and General Code of Conduct should be included in all staff contracts and letters of appointment.

- (iii) This Policy shall be discussed at all relevant staff development and orientation programs conducted by the university.
- (iv) Staff Development and Training Programs of the University for academic and non-academic staff shall include a component designed for promoting gender equality and equity and for developing gender sensitivity in the workplace. Such programs shall include a session on this Policy.
- (v) Any constitution of Student Associations of the University shall include a reference to this Policy and to the Prohibition on Ragging and All Forms of Violence in Education Institutions Act.
- (vi) All service contracts entered into by the University with providers of outsourced services shall include a provision which states the obligation of any party entering into such contract to adhere to this Policy.
- (vii) The University shall provide a trained counselling service to address prevention and consequences of sexual harassment. This service shall also be made available to any of the parties to a complaint made under this Policy.

DEPARTMENT OF BUDDHIST STUDIES

Buddhist Studies were initially taught at the University of Colombo from 1965 to 1970, after which it was discontinued due to university reforms. However, in 1997 it was recommenced under the initiative of the late Prof. M.B. Ariyapala and others who believed that the University must be a centre of excellence for Buddhist Studies. The Department of Buddhist Studies teaches both Buddhist Studies and the Pali language. While Pali is offered as the Study Stream, Buddhist Studies is offered for both Study Stream and Honours Degrees. The honours course has two areas: Buddhist philosophy and Buddhist culture. The students who offer the honours degree have to follow all core course units, including language course units: either Pali or Sanskrit. The department is also introducing a study stream in Chinese Language from this Academic Year.

DEPARTMENT OF DEMOGRAPHY

The Department of Demography began its activities in 1997 as a result of an upgrading of the Demographic Training and Research Unit (DTRU), which was established within the Faculty of Arts, with the assistance of the United Nations Fund for Population Activities (UNFPA) in 1973. The Department of Demography is a multi-disciplinary department which carries out demographic research and training at both undergraduate and graduate levels. Since its founding, the Department has been seen as a leader in the field of demography as demonstrated by its high levels of scholarly productivity and rigorous teaching programmes. Over the years, the Department has contributed immensely to the production of knowledge, refinement of policies and generation of solutions to development issues in Sri Lanka.

The Department of Demography of the University of Colombo can be regarded as a centre of excellence for teaching and research on population and related disciplines and their implications for development. It is an important institution in Sri Lanka for the training of population scientists and the generation of high-quality research in population and related disciplines in order to provide explanations in resolving development challenges in Sri Lanka and beyond. The Department provides both a four-year (Honours) Degree Programme and a Three -year degree Programme (Study Stream -Applied Demography). At present, the Department is staffed with one Professor, Four Senior Lecturers, and Six Probationary Lecturers.

Student Support

Writing Workshops – The Department of English offers writing support for students whose writing and language skills need improvement. Students can register with a writing tutor who will then address the student's specific writing needs. The Department also has an "early warning" system for students whose grades are weak and for students who are thought to be underperforming.

The Resource Centre

The Department of English's Resource Centre, located in Room 116 of the Faculty of Arts, houses a sizable collection of books and other resource material useful to students of English. Students taking English as a subject can obtain membership and borrow up to two books for a period of two weeks.

Links with Foreign Universities

Since 2006, the Department of English has led the way at the Faculty of Arts on overseas student exchange programmes. Currently it has two exchange programmes under which each year, 4 - 6 students of the Department of English travel to Germany for a semester's study abroad at either Justus Liebig University, Giessen, or Technische Universität Dresden. At the same time, students from these two German universities follow a semester of study at the Department of English. These exchange programmes offer students of both countries the opportunity to travel overseas, take new courses and build friendships with international students.

DEPARTMENT OF ENGLISH LANGUAGE TEACHING

The Department of English Language Teaching (DELT) offers English language proficiency courses to students of all the faculties of the University of Colombo. However, its largest programme is in the Faculty of Arts, where it offers both a Study Stream in English as a Second language and a set of English language courses geared towards fulfilling Bands 4 to 7 of the UTEL (Academic) Benchmarks.

New Admissions Test (Placement Test)

All new entrants are required to sit the above examination, after which they are placed at different levels – Levels 1, 2 or 3 of the Proficiency Course in English or Level 4 of the Certificate Course in English – based on their performance in the examination. Students who excel in the examination are exempted from following the above-mentioned courses in English.

VERY IMPORTANT

First Year

Students MUST pass whichever level they are placed at in their first year by completing both FNDE 1108 & FNDE 1209 course units of that level. FNDE 1108 & 1209 are 3-credit courses each.

Second, Third & Fourth Years

Students who are placed at **Level 1** in their first year **MUST** successfully complete **Level 2** in the later years as completing **Level 2** is **compulsory** for obtaining the bachelor's degree. Students who are placed at **Level 2/3** in their first year can proceed to **Level 3/4** (optional) respectively in the later years after successfully completing **Level 2/3**.

The Proficiency Courses

The proficiency courses are offered to the entire student population of the Faculty. An intensive course for new entrants, and proficiency and certificate courses in English along with two foundation courses are offered in the Faculty of Arts. The Proficiency Course in English consists of three levels – Levels 1, 2 & 3. To complete the Proficiency Course in English, students must successfully complete the Level 3.

Certificate Course in English / Level 4

In addition to those students who are placed at Level 4 in their first year, students can also follow this certificate course in their second/ third/ fourth year after successfully completing Level 3. To register for this course, students should get a minimum of 55% (B-) at the Level 3 of the Proficiency Course in English or FNDE (Level 3).

Fundamentals of Reading Academic English (Part I) & Fundamentals of Writing Academic English (Part II)

This is a 6 credit-enhancement course offered in two parts to all students—Part I in semester 1 & Part II in semester 2—in the second year. The course helps students pursue their study stream and honours degrees in the English medium by introducing them to the essentials of academic English.

French for Beginners

This course aims to provide a basic knowledge of the French language in the forms of speaking, listening, reading and writing. In addition to the language skills, which will be developed through a range of text, role-play and audio-visual activities, students will gain an insight into the culture of French-speaking communities through the study of a range of texts. The topics covered would provide a context in which students develop their linguistic as well as cultural knowledge and understanding of the French language.

This course is open only for students with no prior knowledge of the French language. It is not open for students who have taken French for G.C.E. (A/L) examination or equivalent. Also note the same course is offered in 1st & 2nd semesters of the second year.

Study Stream: Studies in English as a Second Language (SESL)

The DELT also offers a three-year study stream programme, *Studies in English as a Second Language (SESL)*. Studies in English as a Second Language takes a practical approach to both the study and teaching of the English language. The curriculum reflects the current theory and its application in the field of English as a Second Language. Our general objective is to offer up-to-date theoretical and applied understanding of the acquisition of English as a second language and the teaching and learning of it. The curriculum offers courses for three years allowing students to follow *Studies in English as a Second Language* as the first, second or third subject in the Study Streams.

Entry Requirement

Students need to have scored more than 60% at the New Admissions Test (Placement Test) conducted by the DELT at the beginning of the first year.

Student Support

The faculty, year, and level coordinators provide guidance to students to overcome any academic, administrative, or personal problems they may encounter in following the intensive course and on-going proficiency/certificate courses in English. Students also have the option of discussing any academic issues they may face with their lecturers.

Academic and Language Support Centre

The new Academic and Language Support Centre, established under the World Bank-supported AHEAD project (2019-21), fulfils the need in the Faculty in providing a structure to encourage students to read in English. The Centre promotes collaborative peer learning to strengthen student motivation to engage with English beyond the classroom.

Language Lab

The Language Lab of the Department of English Language Teaching has thirty computers, providing students with the opportunity for autonomous learning. Carefully selected and prepared computer-based study material is available in the Lab to be used by the undergraduates at their convenience.

DEPARTMENT OF GEOGRAPHY

The Department of Geography was one of the first departments established in the University of Ceylon in Colombo in 1942. However, when the Faculty of Arts was shifted to the University of Peradeniya in 1952, the Department of Geography too was moved there. Subsequently, when a second Faculty of Arts was begun in 1963 in Colombo, affiliated to the University of Ceylon in Peradeniya, several sub-departments were established, of which the Department of Geography was one. The Department of Geography has an outstanding tradition in geographical teaching and research in the fields of Physical Geography, Human Geography and Geoinformatics. At present the Department of Geography is staffed with one Professor, eight Senior Lecturers, eight Lecturers (Probationary), seven Temporary Assistant Lecturers, one Temporary Research Assistant, and one Academic Support member.

Undergraduate Courses

The Department of Geography offers a wide range of course units for the fouryear **Honours Degree in Geography** and for the three year study stream in **Geography and Environmental Management.**

For first year undergraduates who wish to follow the Honours Degree in Geography or the Study Stream in Geography and Environmental Management, should undertake GYG 1102 / 1202 (Cartography) and GYG 1106 (Principles of Geography). It is mandatory to select **FND 1106 (Intermediate Mathematics)** if the student wishes to follow the Honours Degree in Geography.

Honours Degree in Geography

The Honours Degree Programme in Geography focuses on Physical Geography and Human Geography along with the practical application of Geoinformatics technologies. The programme explores crucial contemporary issues, including earth surface processes, climate change, natural hazards, landscape changes, population growth, urbanization, sustainable development and human-nature interaction. The components of Geoinformatics technologies of this programme can also be incorporated to provide a solid foundation in the subject, and students can adapt the special degree programme to their career aspirations through their subject selections. There are plenty of career opportunities in both the government and private sectors for graduates of our special degree programme.

Study Stream in Geography and Environmental Management

The study stream in Geography and Environmental Management aims to produce highly skilled environmentalists and environmental managers with a strong intellectual background in Geography and Geo-environmental techniques. Thus, we train students in many of the discipline's core areas of expertise, such as population, urban, economic, sustainable development, hazards, environmental issues, and management, with reference to the national and global level environmental issues.

Both our special degree and study stream undergraduates gain intellectual abilities and skills through classroom and the lab-based learning. Additionally, both programmes include several field excursions in a range of exciting locations with hands-on training. Along with this, we facilitate our students in numerous ways to enhance soft skills such as presentation, teamwork, problemsolving, etc. Subjects offered by the Department of Geography for the both the Special Degree in Geography and the Study Stream in Geography and Environmental Management are available offer in all three Sinhala, Tamil and English mediums.

Note: GYG 1102 / 1202 and GYG 1106 are compulsory for those who wish to follow the Honours Degree in Geography or the Study Stream in Geography and Environmental Management.

Internship programme

The Department of Geography offers one semester internship opportunities to the special degree students in the second semester of their (4th) final year. The internship training programme collaborates with both public and private sectors, such as the Disaster Management Centre, Central Environment Authority, Mahaweli Authority, National Building Research Organization, International Water Management Institute (IWMI), etc. The ultimate goal of the student internship programme is to give professional learning experience with an emphasis on the application of their academic background. The differences between the academic environment and the work environment can be a shock to many students just beginning a professional career as an intern. The internship allows our students to experience and adapt to these differences while learning to make professional connections and develop relationships with various government bodies, companies, and organizations based on their own developing areas of expertise in order to enhance their future career.

History & Community Project

Since 2009, the Department of History runs the 'History and Community Project' with undergraduates from the University of Colombo and University of Jaffna. The project is facilitated by GIZ Sri Lanka and its objective is to introduce students to multiple narratives and interpretations of History of Sri Lanka. This project also brings together Sinhalese and Tamil students (and those from other ethnic backgrounds) and exposes them to different ways of thinking about history and gives them the opportunity to share, discuss and engage with their different views and ideas about the discipline. All students following an Honours Degree in History are expected to participate in this Departmental project which takes place in three stages, at Colombo/Jaffna, and two other historical sites.

Internship Programme

Students following an Honours Degree in History have the opportunity to participate in a one-month internship Programme at the Department of National Archives of Sri Lanka. This internship provides them with the ability to identify, sort and catalogue archival records; exposes them to technological developments in archiving and interaction and communication with different people and organizations. An internship at the archives also develops research skills, which is essential for history undergraduates who have to work with primary sources. At the completion of this internship the Department of National Archives awards a certificate of completion of internship to students.

Resources and Facilities

The Department shares library resources with Departments of Political Science & Pubic Policy and International Relations. This Library consists of a variety of books ranging from subject-related books to fiction. Library room number is 229.

DEPARTMENT OF INTERNATIONAL RELATIONS

The Department of International Relations is the pioneer in the introduction of International Relations to the university system. The initial introduction of the subject – by Professor Shelton U. Kodikara, Professor Emeritus Amal Jayawardene, and Professor George Cooray – to undergraduate and postgraduate students dates back to the 1970s. While the subject was initially offered under the Department of History and Political Science, subsequent to the bifurcation of that department, the Special Degree in International Relations was introduced as a degree programme under the Department of History and International Relations.

Under the leadership Senior Professor Nayani Melegoda the Department of International Relations was established on the 29th July 2010. It was the first Department of its kind in the whole university system in Sri Lanka. The Department offers a four-year International Relations Honours Degree, and a three-year Study Stream in Conflict Resolution and Peace for undergraduates.

The academic staff holds six doctorates (from the UK, the USA, Japan, New Zealand and India), one MPhil (from Norway) and currently, three staff members are studying for their doctorates. All lecturers have obtained Masters (from Canada, the USA, Japan, and Sri Lanka) and qualified CTHE and SEDA.

DEPARTMENT OF SINHALA

The history of teaching Sinhala in higher education in Sri Lanka is closely linked with the University of Colombo. Formal university education in Pali, Sanskrit and Sinhala began with the establishment of a University College in 1921. In the University College, the oriental languages were all confined in one department of study. It was only in 1944 that a separate Department of Sinhala was established under the University of Ceylon in Colombo. At present, Sinhala is one of the most popular subjects among the undergraduates, and the Department offers wide range of course units for Study Stream and Special degree programmes in the fields of Sinhala Language, Literature, Arts and Culture. The Department of Sinhala has a well-qualified staff, with one Senior Professor, two Professors, one Associate Professor, seven Senior Lecturers, three Lecturers and nine Temporary Assistant Lecturers with specialization in their respective fields of study.

DEPARTMENT OF SOCIOLOGY

The University of Colombo initiated the teaching of Sociology in 1969 by introducing a three-year degree programme in Sociology with the establishment of the Department of Sociology and Social Welfare under the Faculty of Social Sciences. In the year 2019, the Department of Sociology celebrated 50 years of excellence. Currently the Department offers Sociology as a subject for undergraduates at two different levels: a four-year Honours Degree in Sociology, and Sociology as a subject for the three-year degree programme. The Department offers three study streams (Study Stream in Applied Sociological Studies since 2015, Study Stream in Urban and Community Studies since 2016 and Study Stream in Sports Studies 2018) as part of the three-year degree programme. In addition, the Department implements a stream in Social Work within the four-year honours degree programme. Approximately 500 students enrol annually to follow the undergraduate programme at the Department of Sociology. The Department aims to provide undergraduates with a broad understanding of theoretical/conceptual aspects of Sociology, Psychology and Anthropology as well as adequate knowledge of the diverse practical applications of sociological knowledge. The four-year Honours Degree Programme is offered in Sinhala and English mediums, while Study Stream courses are offered in all three languages. Tamil medium courses are offered depending on student demand and availability of staff. The Department has well-qualified staff specializing in different areas in Sociology and related disciplines such as Anthropology, Psychology and Social Work. All in all, the undergraduate programme is designed to prepare undergraduates to face the challenges of everyday life and broaden their understanding of the social world.

Internship Programme

The Department of Sociology has offered an internship programme for Sociology Honours Degree undergraduates since 2018 with the objective of enhancing the employability of undergraduates and providing them with

exposure to the professional arena. This is mainly for third year undergraduates. MATHEMATICS UNIT

Mathematics is not about numbers, equations, computations, or algorithms: it is about understanding.

- William Paul Thurston, American Mathematician

Mathematics is among the most beautiful and the most powerful human creations as it literally could explain everything about us, the surrounding, and beyond. Yet, Mathematics has been a field that some revere others most fear. Students who follow social sciences and humanities ask why learn mathematics which sounds so alien. The famous Indian Mathematician Shakuntala Devi explains "Why do children dread mathematics? Because of the wrong approach. Because it is looked at as a subject." The underlying philosophy of the Mathematics Unit of the Faculty of Arts precisely is focused on dealing with this fundamental issue.

Over human evolution, Mathematics became an integral component of our lives and livelihoods. Several great minds found the capacity and the inquiry to understand the world through a kaleidoscope of Mathematics to simplify nature's complexities and share ideas with the fellow beings. This led to a continuous creation of the language of Mathematics which everyone uses with no exception.

Over a decade ago, Mathematics Unit at the Faculty of Arts was created as a support unit to impart knowledge of Mathematics as the incoming undergraduates of Social Sciences and Humanities found to be in need of intensive learning support. Using the learning curve of teaching Mathematics and the learning responses of students in the past, the Mathematics Unit is currently focusing on two goals:

creating	a student-centr	ed le	earning en	vironment (of m	athematic	S
making	Mathematics	an	exciting	adventure	to	unravel	the
unknow	n						

The Mathematics Unit endeavours to bridging this knowledge gap and skills gap, and free the minds of learners to enjoy the learning and embrace mathematical skills as a second nature.

You, as a first year undergraduate, is stepping into the unknown world of knowledge with curiosity and feeling of adventure, while others with fear. But both face the same world that is challenging and demanding, and increasingly competitive. Your first year should be an opportunity where you start a journey with excitement, confidence, and dedication. This is where Mathematics comes into play to empower your capacity and impart skills to learn everything else. Learning mathematics is not learning a subject, it's about empowering you as a person.

In your undergraduate learning trajectory, after the first year, you choose subject specialisations for further study. Three popular subject areas, namely, Economics, Geography and Demography compulsorily require above-average skills in Mathematics. In other subjects of Social sciences and Humanities, Mathematics come into play in varying importance, in reasoning out, empirical validations and data analysis, to name a few. After you graduate, whether you choose further studies or a professional career, you are required to have a sound understanding of mathematical means of an analysis of life issues.

Mathematics, in the emerging complex world, plays a big influence in almost every sphere. You cannot be an alien among your colleagues or in your professional domains. Hence, we invite you to have the right attitude to engage in learning Mathematics from the start, with an open mind, dedication, and a strong learning attitude.

Last year, many chose Foundation Mathematics (FND) offered by the Mathematics Unit. In fact, it was the largest class, and, despite numerous learning difficulties, many found Mathematics learning fun and exciting. Talk to them and get to know the art of learning Mathematics with pleasure.

The Mathematics Unit offers two foundation courses:

<u>Basic Mathematics - FND 1107 & FND 1207:</u> for those who seek Mathematical skills for general applications.

Intermediate Mathematics - FND 1106 & FND 1206: for those who seek e analytical skills, especially for use of mathematical tools in specialised courses (Economics/ Geography/ Demography) downstream, and other professional pursuits.

APPENDIX A: RAGGING

Prohibition of Ragging and Other Forms of Violence in Educational Institutions Act No. 20 of 1998 has been ratified by Parliament. The broad meaning of this act assumes to totally abolish ragging and other forms of verbal violence such as insults and cruel acts.

This law makes ragging a distinct and punishable offence. Any act which causes or is likely to cause physical or psychological injury, fear or mental pain in an undergraduate or a member of staff is called ragging.

Whilst this act has defined 'undergraduate' institutions, it includes all universities under the 1978 Universities Act.

Punishments described under this Act include:

- 1. After the individual is found guilty, the punishment for ragging within or outside of the university premises is two years' rigorous imprisonment.
- 2. In addition, the court can award compensation to the victim.
- 3. Where ragging leads to sexual harassment or grievous hurt, the punishment is increased to ten years' imprisonment and an award of compensation. The latter offence is generally non-bailable.
- 4. The punishment for anyone who acts with the intention or threatens to cause injury to the person, reputation or property of any student or threatens to cause injury to a person known to the student is rigorous imprisonment for no more than five years.
- 5. Acts of criminal intimidation, wrongful restraint and unlawful confinement committed by any person against any student carry a maximum imprisonment period of seven years.
- 6. Anyone forcefully confining an individual would face the same punishment.
- 7. If any person forcibly occupies any premises of an educational institution, that person is guilty of an offence. Such person could be imprisoned for no less than ten years and no more than twenty years of imprisonment. In accordance with the Act, a fine can also be imposed.
- 8. In addition, the court can, depending on the gravity of the offence, order the expulsion of a student from an educational institution if that person is found guilty of any of the offences contained in the Act.
- 9. If anyone is charged or is under suspicion of sexual harassment or grievous injuries due to ragging as stated in Section 2(2) or, if it leads to

- confinement or restraint of another's freedom of movement, as noted in Section 4, this is a non-bailable offence.
- 10. Other than the punishment codes within this act, those of 1994 No. 22 on harassment, extreme and torture or insults add to this. It is clear from the above acts that students found guilty of ragging and other forms of violations face harsh punishment under the law. Even bail is often set within specific limits. The sole intention is to rid

Other than the above-mentioned laws, it is possible to punish those who rag or violate another's rights using certain laws that exist within the higher education system.

If any incidents of ragging take place, contact

APPENDIX B:

FREQUENTLY ASKED QUESTIONS ABOUT THE COURSE UNIT SYSTEM

 Can students who are exempted from the compulsory English Foundation CUs (FNDE) still select the same CUs?
 No

2. Would it be possible to select English as a subject if the student has not offered English at the GCE A/L?

The answer is "yes", but only students who are exempted from the compulsory English Foundation CUs are eligible to make this request. Such students also have to sit for a competency test conducted by the Department of English before being admitted to the English subject stream. Students are advised to contact the Department of English for details.

3. Would it be possible to select a course unit that the student has not offered in the GCE A/L?

The answer is also "yes". Such students could offer a course unit such as Economics, Geography and Demography if such departments are in a position to offer supplementary classes. Students with no prior background in the subject area can attend these classes in addition to the usual three-hour sessions per week allocated in the master timetable. Students are requested to contact the lecturer concerned and/or the Head of the Department for details.

4. Can a student withdraw a CU(s) after sitting the end-of-semester examination of that particular CU(s)?

Once a student has sat for the final end-of-semester examination, he/she has completed the whole process of evaluation assigned for the CU(s) in question. Therefore, it is not possible to withdraw a CU(s) and substitute it with another after the student has sat for the final end-of-semester examination.

5. Can a student select CUs ahead of time? Can he/she select CUs from a future academic year?

Students can only select CUs offered during the current academic year, as well as any incomplete/repeat CUs (if any) from a previous year.

6. Can non-credit or audited CU(s) with better grades be exchanged for credit course(s) with poor grades?

No. Non-credit and credit CUs are two different categories, and students are required to maintain this distinction throughout the degree programme.

7. Can students request to repeat end-of-semester examinations?

The Faculty does not entertain requests for repeat end-of-semester examinations. At the end of a semester, final end-of-semester examinations are held only for course units offered during that semester. Therefore, if a student misses a final end-of-semester examination, he/she has to wait until the relevant course unit(s) is offered again. However final year students may get a chance to sit for a repeat exam on request, if the failed course unit is not offered in the subsequent semester.

8. Can students sit for the end-of-semester examination without completing continuous evaluations assigned for the unit(s)?

No. According to the By-Laws, it is mandatory to complete at least 50% of all continuous evaluation assigned for the unit(s) for the student to be eligible to sit for the end-of-semester examination. For example, in cases where there are two assessments assigned for a particular CU, students are required to complete at least one of the assessments to make them eligible to sit for the end-of-semester examination of the CU in question. Those who sit for the end-of-semester examination without completing the minimum required number of assessments, (whether inadvertently or purposely) will be considered repeat candidates. Students are strongly advised that it is not possible even to make requests to complete continuous evaluations after completing the end-of-semester examination without prior arrangements with the Department concerned.
