Journal of Colombo Geographer, Volume 2, Issue II, 2024

The Journal of Colombo Geographer is an open-access, double blind, peer-reviewed journal published by the Department of Geography, University of Colombo. This journal is dedicated to publish research papers based on geographic approaches from any sub discipline of Geography (human geography, physical geography, and geoinformatics) addressing environmental and human problems with a spatial dimension. The Colombo Geographer welcomes high quality, original submissions of research and review manuscripts.

The editors of the Colombo Geographer wish to inform that they are not responsible for any inaccuracy or lack of correctness regarding the data/maps/figures/views presented in the articles and that the responsibility solely lies with respective author/s.
